Sizing Chart

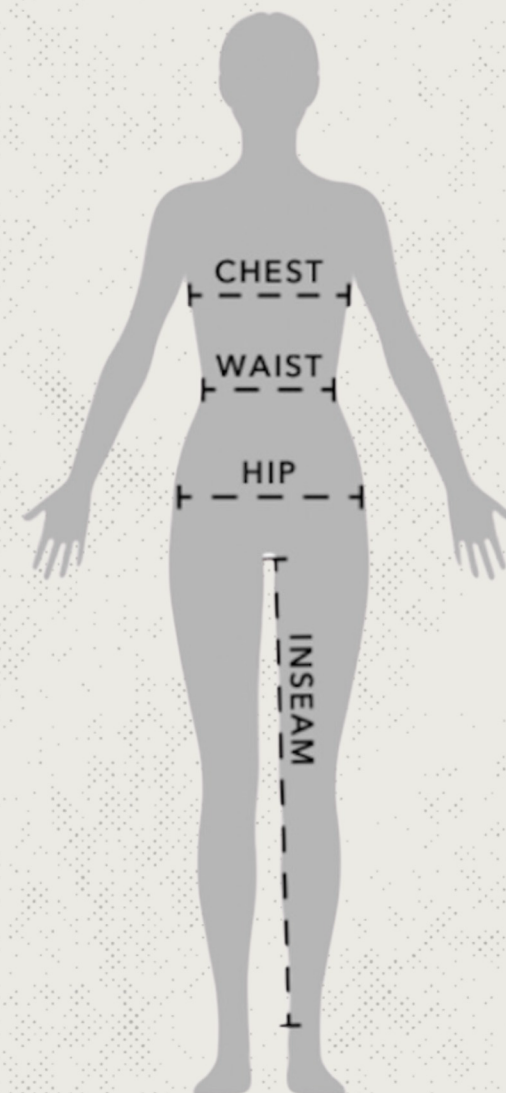

HOW TO MEASURE GUIDELINES

CHEST: Measure under your arms at the fullest part of your chest. Wrap the tape measure around your body until your fingers meet back together.

WAIST: Wrap tape measure around your natural waistline. Make sure not to measure too tight, to allow room for movement.

HIP: Measure around the fullest part of your hips with your feet shoulder-width apart.

INSEAM: Place the tape measure at the top of your inner thigh, and measure all the way down to your ankle.
